DESCRIPTION:

SYSTEM: **glass partition (Double glazed)**

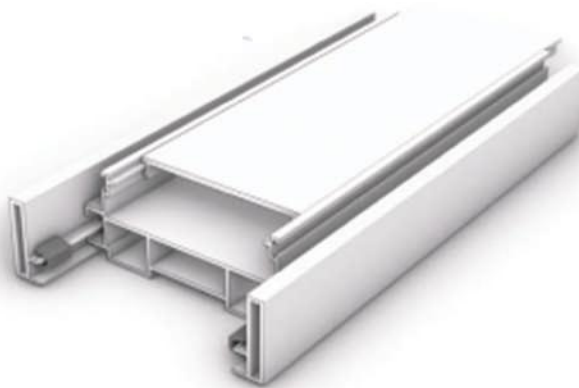

MODEL: avshid group

DESCRIPTION:

Double Glazed Partition

Today the use of natural light to create the best possible working conditions is still top priority when it comes to interior design. But it is not only light, which provides positive working conditions. According to studies, minimising noise is also a vital factor, both for job satisfaction and, ultimately, for the company's bottom line.

SYSTEM: **glass partition (Double glazed)**

MODEL: avshid group

DESCRIPTION:

Double Glazed Partition

with integral venetian blinds

The double glazed partitioning system can incorporate differing thicknesses and glass types to meet project criteria. This system offers an aesthetically modern design, either as full glass partitioning system or integrated with drywall, to provide a mixture of drywall and glass.

Double glazed channel with
integral venetian blinds

SYSTEM: glass partition (Double glazed)
